RE: RECOMMENDATION LETTER – RYAN KABIRU WANDIA

The above named person was an Attachee at Mukurwe-ini Wakulima Dairy Ltd, attached to the Quality Assurance department from 8th February 2023 to 5th May 2023.

During this period, he was working at the Raw milk reception lab, Processing lab, Fresh milk and yoghurt Processing plant. His main duties included:

- Determination of Milk fat, Milk grading, Milk specific gravity, Resazurin test, Titrable acidity, Antibiotic test.
- Preparation of chemical reagents.
- Microbial analysis of TPC, Coliform, yeast and moulds in milk and milk products.
- Preparation of media and sterilization of glassware.
- Maintenance of laboratory equipment.
- Reading and interpretation of microbiology results.
- General Laboratory house keeping.
- Processing of milk and milk products.
- Cleaning procedures.

Besides being honest and excellent team player, Ryan also demonstrated the following personal attributes:

- Quick learner and someone who adapts to the system fast.
- Excellent communication skills.
- Ability to perform wide range of duties.
- Good working relations with colleagues and members of the public.

His performance was commendable and he measured up to all the tasks assigned to him.

Yours faithfully,

LOISE WANJIKU
HUMAN RESOURCE MANAGER
